Standards Assessment Framework

Workshop Activity Instructions

May 2024

OVERVIEW

The activities

1. Activity 1: Individual Assessment (30 min)
2. Activity 2: Pitch and Critique (40 min)
3. Activity 3: Group Presentation Prep (15 min)
4. Activity 4: Group Presentations (30 min)

OVERVIEW

Our asks

- Write your name and organisation on your templates

- Wear multiple hats – consider things from consumer, data holder, and data recipient perspectives

- Work quickly – we have tight timeframes for each activity

- Push a change through the framework

- Critique assessments and ***the framework***

- Present (as a group) your changes, pass/fail rationale, and framework feedback

Activity 1: Individual assessment

🕐 **30 min**

Instructions

On your own:

- Scan the framework (*pages 1 – 5 of the Activity Pack*)

- Respond based on your use case (*pages 2 – 5 of the Activity Pack*)

- Note any issues and gaps with the framework

- 10 minutes per stage

- Does the use case pass or fail?

Next activity: Pitch and critique ➡

DESCRIPTION OF CHANGE

What is the change?

B) What benefit would this provision enable?
Considering the below visions and tests should help to demonstrate the proposed o
help realise. *You do not need to respond to every question, only provide detail where*

Vision 1: The CDR will empower consumers to safely, securely, and conveniently grant

Test	Yes	No	Justification
Does this provision make it safe for consumers to grant third party access?		
Does this provision make it secure for consumers to grant third party access?		
Does this provision make it convenient for consumers to grant third party access?		

Response 1

Another response

STAGE 1: RATIONALE

A) What issue w

What is the problem bei
solved?
Is this an existing or pote
problem?

Vision 2: The CDR will enhance consumer outcomes efficiently and fairly.

Test	Yes	No	Justification
Does this provision enhance a consumer outcome?		
Does this provision make it more efficient to deliver a consumer outcome?		
Does this provision help deliver an outcome in a way		

A response that is longer than the other two responses to give you licence to write more if you feel you have a bit more to say on this particular subject

How extensive are the in
of this problem?
Which users are affecte

Activity 2: Pitch and Critique

🕐 **40 min**

Instructions

<u>Per person</u>

5 min Pitch:

- Pitch your use case to your group
- Did it pass or fail the framework test?
- What framework issues and gaps exist?

5 min Critique:

- Using post-its, give group feedback on individual assessments

Next activity: Group presentation prep ➡

Activity 3: Group Presentation Prep
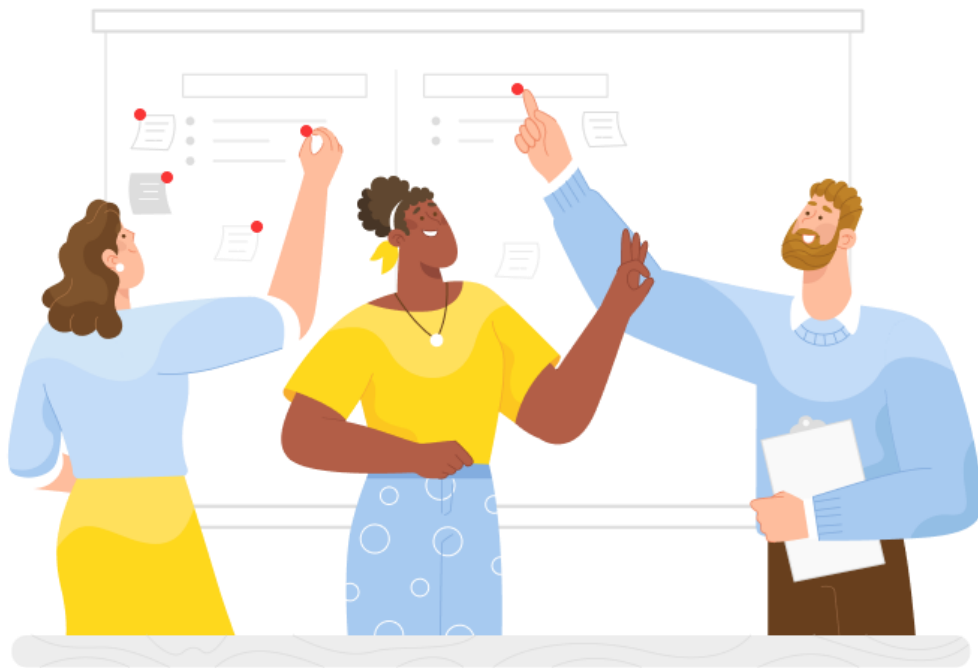

🕐 **15 min**

Instructions

As a group, on the butcher's paper:

- Describe each use case

- Include pass/fail rationale for each use case

- Outline key points of framework feedback

- Select the presenter(s)

- When finished, put it on the wall

(Template to transcribe onto butcher's paper on page 6 of the Activity Pack)

Next activity: Group presentation ➡

Activity 4: Group Presentations

🕐 **30 min**

Instructions

Group presenter(s) to share their:

- Use cases

- Pass/fail rationale

- Framework feedback
